

PROJECT PORTFOLIO

Selected Projects & Delivery Portfolio

Multi-sector project execution across infrastructure, utilities, energy and institutional works.

ARIDOD Group delivers complex, high-impact projects that enhance critical infrastructure, protect communities, and power economic progress. Our integrated approach - spanning engineering, procurement, construction, testing, and commissioning - ensures quality, safety, and on-time delivery across every engagement.

OUR SELECTED PROJECTS

01

FIRE SAFETY

Fire Protection Solutions - HSIA Terminal III

Design, supply, installation & commissioning of complete fire protection systems including sprinklers, fire alarms, hydrants, gas suppression & pumps.

CONTRACT
VALUE
BDT 1,256MDURATION
18 MONTHSSTATUS
COMPLETED

02

WATER & UTILITIES

Gandharbpur Water Treatment Plant & Raw Water Pipeline

Design & construction of 55 MLD WTP and 14 km raw water pipeline with SCADA integration and electro-mechanical works.

CONTRACT
VALUE
BDT 2,180MDURATION
24 MONTHSSTATUS
COMPLETED

03

DRAINAGE & FLOOD CONTROL

Rampura Storm Water Pumping Station

Design & construction of storm water pumping station with 6 high capacity pumps, electrical systems & control room.

CONTRACT
VALUE
BDT 695MDURATION
14 MONTHSSTATUS
COMPLETED

04

DRAINAGE & FLOOD CONTROL

Kamalapur Storm Water Pumping Station

Construction of storm water pumping station with intake structure, pump house, electrical & instrumentation systems.

CONTRACT
VALUE
BDT 612MDURATION
12 MONTHSSTATUS
COMPLETED

05

ENERGY & OIL & GAS

Chattogram Oil Pipeline Installation

Supply, installation, testing & commissioning of 24 inch oil pipeline with associated fittings, valves and cathodic protection.

CONTRACT
VALUE
BDT 1,842MDURATION
16 MONTHSSTATUS
COMPLETED

06

POWER & INFRASTRUCTURE

33KV Overhead Line Infrastructure Support

Construction & support services for 33KV overhead line including pole erection, stringing, testing & commissioning.

CONTRACT
VALUE
BDT 478MDURATION
9 MONTHSSTATUS
ONGOING

DELIVERY STRENGTH

ENGINEERING
EXCELLENCE

In-house engineering capability with advanced design & project planning.

CONSTRUCTION
EXCELLENCE

Skilled workforce and modern equipment for safe, quality execution.

PROCUREMENT &
LOGISTICS

Strategic sourcing and efficient logistics ensuring timely material delivery.

QUALITY
ASSURANCE

Robust QA/QC process aligned with international standards & best practices.

ON-TIME
EXECUTION

Disciplined project management delivering schedules & targets.
